### A Terrible Rap at the Japanese.

A writer in the New York *Leader* thus disposes of the Japanese Embassy. It is emphatically a view of the other side of the picture: "A dirtier, meaner set of barbarians our eyes had never the misfortune to rest upon. The principal ambassadorial Bagman might have changed places with the 'What is it that Barnum's Museum. Stunted, ill-shaped, narrow-headed, yellow-skinned, high-smelling, ferret-eyed, flat-footed, greedy and cunning. It makes our blood tingle through every vein when we reflect that the virtue of American woman-hood has been slandered and called in question on account of such half-human abominations. Not a man in the pretended Embassy knew the meaning of personal cleanliness. The 'Princes' (God clothes each, which they wore without change of underclothing from the day they left Nippon until to-day. The Croats of the Austrian Empire grease a sheep-skin, make a tunic of it, and then wear the same next their skin until the rotted leather falls to pieces; but the Croats may claim to be regarded as dandies, when compared to the Eastern pigs lately feasted at our National and Municipal expense. There were six Japanese women, as is now confessed, in the Embassy—the personal slaves (after the old patriarchal fashion) of the six principal men. But to the women as to the men, the same remarks apply. The lower class of attendants in the train of the Nokamas had only one suit of coarse clothes apiece when they landed in California. Towards the end of their visit these garments became so filthy as to offend the nostrils of the United States officers in charge of the troupe; and just previous to the late ball at the Metropolitan, these poor creatures were supplied with new calico suits, cut after the Japanese pattern—their splendor of appearance being thus fully made to rival that of so many hotel housemaids, in the morning gowns worn while emptying slops and dusting furniture."

A HEROINE IN SICILY.—A private letter from Messina, published in the London *Post*, contains the following: "On the 7th we beheld, arriving from Catania, the entire garrison of Catania, as well as the moveable column united with the same, in all about five or six thousand men of every kind, commanded by Tomaso Clary. These troops had been attacked in Catania by the people, and after several days of constant firing, some four or five hundred royal soldiers were killed, while the loss on the part of the insurgents was comparatively insignificant. The soldiers themselves say that one of the nuns, from the window of her cell, killed more soldiers than I could venture to state. She shot with as sure an aim as the most practised Alpine huntsman, and never missed once. The Colonel ordered that they should fire in platoons repeatedly against the windows, but in vain. The heroine remained unscathed, and still kept firing away, killing her man with every shot she fired."

RE-CHRISTENING THE DAYS OF THE WEEK.—A good-for-nothing young friend of ours, a regular Bohemian—one who is often out of luck, but never out of spirits—has re-christened the days of the week. This is his new nomenclature: Sunday he calls Cramday; Monday, Coldmeatday; Tuesday, Noday, or Blankday; Wednesday, Borrowday; Thursday, Pawnday; Friday, Spongeday; Saturday, Tinday, or Chequeday. Our friend's notion of the Millennium is a year full of nothing but Saturdays—i. e., every week to have seven Tindays in it.

A letter from Rome states that the Pope on the anniversary of his coronation, entered the Sixtine chapel, wearing the new tiara presented to him by the Palatine Guard. It is ornamented with a number of precious stones, and cost 20,000*l*.

CARDINAL WISEMAN.—A Roman Catholic paper, published in London, has the following paragraph in reference to the health of Cardinal Wiseman: "We rejoice to be able to announce that an improvement has taken place in the health of the Cardinal. Mr. Charles Hawkins, who has been summoned to Rome to see his Eminence, returned to London on Wednesday morning, having left Rome on the previous Sunday; and we are glad to say that he left his Eminence in a state that gives hopes of his ultimate recovery from the severe illness he has lately been suffering from. A most painful operation was necessary, which his Eminence bore remarkably well. The daily despatches that have arrived since Mr. Hawkins' departure for Rome have been of a favorable nature."

ENGLISH COTTON MILLS OWNED BY OPERATIVES.—In a recent debate in the House of Commons, upon reform measures, the fact was stated that in Lancashire there are co-operative cotton mills, of which laboring men are the owners, which they manage successfully themselves, and which, as paying speculations, are extremely flourishing and well conducted. One concern of this kind was mentioned, as having 1,600 members, all workmen, which had a capital of \$220,000; another doing a business of \$470,000, with 500 members; another commenced in 1844, which began with 28 members, who subscribed \$5 each, at the end of fifteen years had no fewer than 2,703 members and a capital of \$135,000. Many more of these undertakings are in existence, to which were attached reading-rooms, libraries, maps, globes, telescopes, microscopes, and other scientific apparatus of the most recent construction.

The London *Daily Telegraph's* correspondent states that a Polish proprietor, belonging to Posen, has purchased Mount Vesuvius of its present owner, Prince Casatielce, and intends studding the lava surface of its precipitous declivities with villas, hotels, and other places of recreation for the amusement and accommodation of the English tourists.

REMOVAL.

The Publication Office of the DAILY BRITISH COLONIST has been removed from Wharf street, to the new Brick Building, on Government street, second door south of the Post Office, up stairs, where all orders for Advertising, Job Work, etc., must in future be left.

Thursday Morning, Sept. 6, 1860.

Prince of Wales' Visit.

In the Eastern Provinces, salutes, processions, illuminations, reviews, levees, balls, concerts, and addresses appear to be the order of the day, to welcome the Prince of Wales. Civilian and soldier, broadcloth and homespun—everybody seems disposed to lionize the "first subject" in the Empire; and give the heir apparent a foretaste of the loyal devotion he may expect should he ever live to be crowned King. No question has ever, perhaps, so completely aroused the sentiment of loyalty throughout the Eastern Provinces; none at least since the last American war. In fact, we much doubt, whether even the latter caused a tithe of the general interest that has been produced by the Prince's visit. A common defense to the national foe, may have put the loyalty of the provincial population in exposed localities to the test. Along the Canadian frontier and around the seaboard of the Lower Provinces, the fear of an invading force may have nerveed them to preparations for defence. The sparse population, however, at that period,—and the insurmountable difficulties in the way of speedy communication from point to point, must have prevented any thing like the general feeling of feeling witnessed at the present time. There may now be said to be a question of common interest to the Provincials from Sault St. Marie to Cape Race; a topic for all to discuss of which the subject is among them; and one in which Newfoundlanders, New Brunswickers, Nova Scotians, Prince Edward Islanders, and Canadians East and West, may indulge in with the hope of ultimate advantage. Telegraphs, steamboats, and railroads will keep everybody posted in the progress of the Prince. When he comes, should they settle down into the paid a visit for educational purposes to Victor Emanuel or Abdyl Medjid. We want to see some great practical object attained by the visit other than a glaring display of pyrotechnics, or merely matter from which belles who danced with His Royal Highness may recount reminiscences of his visit to their grandchildren. We want to see provincial statesmen and imperial statesmen take advantage of the Princes' visit to initiate a British North American policy to put an end to disjointed provinces. Call them petty monarchies or petty republics, or what you please, so long as there is no union of the North American Provinces, there will be few subjects of common interest to bind them together. They will lead a hum-drum life as subordinates of the Colonial Office. They will possess no field for the expansion of their intellect. There will be no rallying points around which united British North America may gather. The press and people will be confined to the frivolous politics of petty provinces. And without an union, fifty years hence the political movements of Vancouver Island will attract no more attention in the sister provinces than it does at present; and so with all the other provinces.

With one-ninth of the solid land of the globe, inhabited by four millions of Englishmen and their descendants, we want to see such distinguished statesmen as the Duke of Newcastle, who accompanies the Prince, unite with the prominent men throughout the provinces, and take speedy measures for a federal union of the provinces from Nova Scotia to Vancouver Island. Had Bulwer Lytton retained the reigns of power, a federal union would have found a warm friend in the right quarter; and we are very certain these colonies would not have been weaned quite so early. What His Grace will do to hasten the union, it is impossible to tell. Possibly we shall have to await the winter sessions of the Eastern Assemblies before anything very definite will be heard on the subject. And should the political consequences of the first visit of a Principal Secretary of the Colonies to the colonies be adverse to a federal union, and to the endowment of the provinces with a status in the Imperial Parliament, we believe that British North America will have spent her money uselessly in feting the Prince of Wales.

According to the jailor's report, there were 32 prisoners confined in jail yesterday.

THE GRAIN CROPS OF EUROPE AND AMERICA.—It is stated in the London Times of the 22d July, that owing to bad weather and consequent short crops throughout the country, there will be a great scarcity in the forthcoming grain crops. The prospect of the grain crops in France is also said to be unpromising. On the other hand, the cereal crops in the United States and Canada never promised better. A larger crop of wheat than ever before, by perhaps one-fourth, is now secured, or in the process of harvesting. The crops of hay and oats are also large, and the promise of the king of cereals—Indian corn—was never better. Nothing short of a large export demand can keep the price of this abundant cereal from falling below remuneration to the grower. Of the last year's crop, it is said that the large farm cribs of Illinois are still nearly full of last year's corn, yet the receipts at Chicago have averaged over 100,000 bushels a day from the Illinois canals and railroads, through the season.

A DAILY MAIL TO OLYMPIA.—The U. S. Government has established a daily mail to Olympia, Washington Territory. The mails will start from Sacramento on the evening of each day, and will be brought via the Sacramento Valley to Yreka and Jacksonville, thence to Portland, Oregon, and finally by the stage-route to Olympia. We presume that the mails for this place brought by the overland mail to San Francisco, will reach here by the steamer Eliza Anderson, weekly; and if so, the arrangement will prove of incalculable benefit to the whole colony, the more especially as it has been decided to give us only two steamers a month hereafter, instead of four, as heretofore.

WHISKY SELLER.—Thomas Mitchell, lately from the Sandwich Islands, was arrested on Tuesday evening by officers Weihe and Blake, while selling to an Indian a bottle of whisky on the Victoria Bridge. The Indian had bartered his shirt for a bottle, and the rum-seller had just put it on when nabbed. He was sentenced by the Police Judge to pay a fine of \$50, or work three months in the chain-gang.

A CHANCE FOR MONEY LENDERS.—The Government advertise for a loan of £2000, to be applied towards improving the streets of the town before the much-dreaded winter as without some important improvements the streets will be almost impassable when the coming wet season sets in.

THE INDIAN SCHOOL.—The Rev. A. C. Garrett has taken charge of the new Indian school, in the building at the rear of the encampments. The school is so far well attended, and we trust, by a course of mild and judicious training, the reverend gentleman will be enabled to effect much good among the aboriginal youth.

ARRIVAL OF THE GOVERNOR.—His Excellency Governor Douglas arrived at New Westminster by the steamer Wilson G. Hunt, on Wednesday last, and left the same evening for the interior. Governor Douglas will visit the Similkameen, Rock Creek, and upper country. He will remain six weeks or two months in British Columbia.—N. W. Times, 1st.

THE GUNBOAT.—The gunboat Forward departed for Nanaimo yesterday morning, having on board several passengers, among whom was a missionary and his wife, delegated to look after the spiritual welfare of the people in that quarter.

REMOVAL.—G. Sutro & Co. have removed their sugar and tobacco depot to the Clipper Warehouse, Yates street, which they have stocked with a fine assortment of goods in their line.

A NEW PORT OF ENTRY.—An effort is being made by the people of Nanaimo to have that port made a port of entry. We have not heard what decision the government has come to in the matter.

NEW SIDEWALK.—The west side of Government street, was yesterday treated to a new side walk by the property-holders, who seem at last to have taken pity upon its forlorn condition.

AUCTION.—P. M. Backus will sell this morning at 10 o'clock, 10,000 lbs of China sugar, No. 1, and a quantity of other goods. The sale will be well worth attending.

THIEVES.—Three thieves broke into the house of the Rev. B. C. Lippincott at Olympia last week, and stole goods valued at \$250. They were arrested and locked up.

AUCTION.—J. A. McCrea will sell at auction this morning, at 10 o'clock, at his salesroom, a choice assortment of groceries and provisions.

HOUSE OF ASSEMBLY.—There was no meeting of this body yesterday, a quorum of members not being present.

The Rock Creek Country. By the arrival of the steamer Eliza Anderson, from ports on the Sound on Tuesday evening, we received copies of the Steilacoom Herald, from which we extract the following letter:

TENAS CUT August, 11th, 1860. We arrived at this place yesterday, all right, and find quite a lively little place. Everything looks flourishing. There are about five hundred men here at present, and more on the road. This place is situated on Rock Creek at its junction with Kettle river, and is in British Columbia. The route can be traveled to this place with a pack train in fourteen days. It takes trains from the Dalles from twenty to twenty-two days to come to this place. Flour is worth \$25 per cwt.; bacon, 45 cts per lb.; sugar, 50 cts.; coffee, 50 cts.; beans, 30 cts.; and whisky, 25 cts. a drink. Grub is consumed at present about as fast as it gets here. Plummer's train, from Seattle, is expected in to-day. We can lay over that route by about three days, and as far as I can judge, a much better road.

Judging from appearances, and the diggings in general, I think there is every prospect that there will be a rush here next spring. Miners are making from \$8 to \$20 per day. We are about twenty miles from the Similkameen, which we cross at its mouth. The miners on the Similkameen are doing well at present.

Rich prospects have been found in the vicinity of the Weenatchee by miners coming through; but, as they were bound for Rock Creek, they did not stop to work. I think next season will bring it out on the Weenatchee and also the Enteatqua. E. C. FERGUSON.

NEW ADVERTISEMENTS.

CARD.

VICTORIA, September 4th, 1860. DEAR SIR,—I have taken upon myself the task of soliciting from the citizens of Victoria, a sum of money, for the purpose of paying for the much-needed repairs of Tiger Engine, and for the liquidation of the present liabilities of the Company. In undertaking to carry out this object, I was aware of the financial condition of the Company, and on that and the welfare of our organization, I took upon myself the responsibility of asking our fellow-citizens for that aid which was really required for the continuance of our organization.

I have now the gratification of stating to you that I have succeeded far beyond my most sanguine expectations; and that all classes of our fellow-citizens have cheerfully subscribed to a sum sufficient to pay off our debts, and for the necessary repairs on our Engine. Enclosed you will find the Treasurer of the Company's receipt for Five Hundred Dollars—the total amount subscribed is Five Hundred and Fifty Dollars—leaving a balance yet to be collected of Fifty Dollars. I am sure the "Tiger" will always remember this substantial mark of respect from the good citizens of Victoria; and in the Company's name I thank them.

I will take this opportunity of stating that Mr. Young, the Colonial Secretary, requested me to say that the "Bill for the protection of the Members of the Fire Department," had been passed and received the sanction of the Governor.

In conclusion, permit me, as a member of the "Tiger," to say, that in case our fellow-citizens ever should require our assistance, (which I trust never may happen), let us remember how generously they came forward when called upon; and let our motto be, "RESPECT FOR THE LAWS, OBEDIENCE TO THE ORDERS OF OUR OFFICERS, AND A FIRM MAN'S RESPONSE TO THE CALL OF HIS FELLOW-CITIZENS."

I remain, dear sir, respectfully yours, THOMAS H. McCANN CAPT. JOHN M. THAIN, Foreman Tiger Engine Company No. 2.

VICTORIA, September 5th, 1860. EDITOR COLONIST.—The foregoing letter, addressed by Thos. H. McCann, was submitted to Tiger Engine Company, at a meeting held last evening. It was unanimously moved: That Tiger Company, No. 2, hereby extend their heartfelt thanks to those citizens of Victoria, who so generously came forward with their subscriptions to relieve the Company from debt, thereby evincing a willingness to assist those whose aim is "the public good." Respectfully yours, JOHN M. THAIN, Foreman Tiger Co. sc5

## Arrival from the River.

News from Rock Creek and Quesnelle.

### More Silver Discoveries.

The steamer Wilson G. Hunt arrived from Fraser River last evening. She brings \$15,000 in gold dust and about 50 passengers. Balhous Express reports \$8,000 in dust; Jeffray & Co., \$3,000. The mining and other news is very important.

Mr. Ballou of the Express gives us the particulars of the fight between the Indians and the Chinese on Canoe Creek. The former were enraged at the shooting of two Siwash by constables some time since, and killed two Chinamen. The Chinamen retaliated by killing two bucks and two squaws, and then left for the Lower Fraser.

Governor Douglas has gone on to Cayoosh Flat.

Wagons carrying heavy freights have commenced running between Port Douglas and Lillooet Lake. 5000 lbs. of freight left Douglas on two wagons on Thursday last. They were loaded by Smith & Co.

Mr. Thain of Jeffray & Co.'s Express says he saw while at Hope the result of two washings of two hundred buckets of dirt on the south fork of the Similkameen. The gold is coarse and weighed \$19 50.

Mr. Jas. Edney, a Fort Hope merchant, has got back from Rock Creek. He reports all the men who have got to work making good wages—from \$10 up to \$100 per day. The great mass of miners, however, are idle, but no one knows why.

The Pony Express from Rock Creek (connecting with Ballou's Express), arrived at Fort Hope Sept. 2d. The messenger writes us that the claims that are properly worked are paying from \$5 up to \$50, and some even as high as \$100 per day. As the Express was leaving Rock Creek, a party of miners came into the settlement after provisions. They report having struck bank diggings twelve miles back from Rock Creek that prospect two and three cents to the pan. Provisions are very cheap at Rock Creek: Flour, 15a18c; per lb.; beans, 11a18c; bacon, 30c; fresh beef, 8a12c; coffee, 30a40c; sugar, 30a40c. The rush from all quarters still continues as great as ever. Hundreds going and coming every day. The South Fork of the Similkameen is not paying as well as expected. Some of the miners have good claims.

Our correspondent at Port Douglas writes us as follows: Under date Sept. 1st, expecting party got in last night having been gone five days. They found some rich quartz rock, and say they have discovered fine farming land and pasture. The Court sits here this week. The officers have summoned two negroes to sit as jurors. We had an indignation meeting last night, and have resolved not to sit with them. We shall publish a card next week to that effect. Another prospecting party report having struck rich leads of silver and copper.

The news from Quesnelle is encouraging. Two miners have arrived at Prince Albert's Flat. They report good diggings on the Fraser and Quesnelle. Cariboo Lake is a success—many miners having done excellently during the summer. The last express brought very little treasure from the Quesnelle.

Taken as a whole, the news given above is very encouraging, and will tend to increase the interest in our mines now being felt abroad.

### House of Assembly.

TUESDAY, Sept. 4, 1860.

House met at half-past 3 o'clock. Present: Speaker Helmcken, and Messrs. Foster, Green, Cary, Gordon, Tolmie, McDonald, Waddington, Crease, Coles.

#### ONE PER CENT. TAX BILL.

The House went into Committee of the Whole on the One Per Cent. Tax Bill, Mr. Waddington in the chair.

Mr. Green proposed an amendment to the bill, which read thus: The term "agricultural improvements" shall include all fences, rails, gates, and no other thing.

Mr. Helmcken—I am surprised that the Attorney General should attempt to throw the onus of introducing this amendment on this champion [Mr. Green], although I am well aware of the system of *figging* adopted by the hon. gentleman. I would introduce an amendment that the term "agricultural improvements" shall include all improvements in or upon the land, all fences, gates, barns, stables, styles, outhouses and laborers' dwelling houses.

Mr. Crease—This question has already been fully debated. The House in Committee of the Whole has already decided to exempt all agricultural improvements.

Mr. Cary—The amendment is perfectly proper. The term "improvements" is not known to the law. It is necessary that we should define in this bill what we mean by the word. This amendment defines the term, and is in order.

Mr. McDonald—I voted at a previous meeting that agricultural improvements be exempted. I meant fences, rails and agricultural buildings. I move that the words "in or upon the land" be stricken out of Mr. Helmcken's amendment.

The Chairman—This question is perfectly

in order. It is merely intended to define what the term "agricultural improvements" means; indeed, a definition is highly necessary.

Mr. Coles—The definition of "improvement" is very simple to any one who has seen Johnson's dictionary with the frontispiece. Any thing that will alter the condition of the land is an improvement. If I move the stumps and the stones on my farm, that is an improvement.

Mr. Foster—We have before decided, on another question, that the action of one committee cannot be altered in another. The valiant champion [Mr. Green] whom the Attorney General has thrown into the fight as a vanguard, is not an authority. He represents Nanaimo; Nanaimo is not an agricultural district. It is a mineral district, and the hon. representative comes to us, as it were, from the very bowels of the earth. [laughter]. When we passed the section that farming lands should be exempted, there was only one idea—all improvements were to be exempted. We want a rural population; our farming lands must be settled-up. The Attorney General has been conversing with some of the little Jews on Johnson street. Ask them if they want 20,000 Indians brought here; they will reply—"By all means, Mr. Attorney General, bring them along; they will buy our goods and make business brisk." What do that class of people care if the town was burnt up to-morrow; the next day they are off for San Francisco. This is the class that has influenced the Attorney General in bringing in his resolution. If we tax our farming lands, we must expect to still draw our supplies from a foreign country.

Mr. Crease—This is the third time this question has been before us, and efforts made to stultify the action of a previous Committee of the Whole. If we restrict the word "improvement," it is acting in bad faith with those who have settled upon our farming lands with the understanding that they were not to be taxed. It will break a deliberate contract made with the agriculturists when they purchased the land from the government. They are entitled to much consideration on the part of this House. I trust the House will not stultify its previous action by restricting its definition of the term to so small a portion of the improvements.

Mr. Cary—This question has been discussed in committee before, hotly and vigorously. Mr. Crease—Yes, and settled, too. Mr. Cary—Never, never! Mr. Coles—It was buried once and you have resurrected it. Mr. Cary—Never! The hon. member who gave the vote which carried this resolution, gave it because he believed it meant fences and such things—and that's all it did mean. The very members who object to the correct definition of the word "improvements," have been aiding in laying on a tax of one per cent on the real estate of the colony. It is impossible and unjust that assessments should be put on cultivated land at the same rate as you would if it was wild land. The term "improvement" in this bill means nothing. Such a course as has been adopted by the hon. members will be unjust towards the city. We are told we want population. I regret that men who have travelled so much in the world should be so narrow-minded. We may be liberal in our institutions, but we must not be unjust.

The Chairman—We have been performing some very bad legislation; we should have exempted farming lands altogether for a term of years. [Hear, hear.] We have decided that "agricultural improvements" are to be exempted, and now we don't know what it means.

Mr. Cary's amendment was then put and lost: Ayes—Green, Gordon, Cary. Noes—Foster, Coles, Crease, Helmcken, McDonald, Tolmie.

Mr. Helmcken's amendment was then adopted without a dissenting voice.

Mr. McDonald's amendment (to leave out the words "in and upon the lands") was lost.

Mr. McDonald then attempted to offer an amendment to the bill to the effect that "all buildings in the town, moveable or immovable, be exempted," but it was declared out of order, having once before been debated in committee of the whole and lost.

### THE LICENSE BILL.

The committee next took up the bill to license certain trades and professions in the colony, [particulars of which have already been given in the Colonist,] and after the passage of three sections, rose, reported progress, and the House adjourned to Wednesday, 5th instant, at 3 o'clock, P. M.

The German papers report the death, at the advanced age of 80 years, of Gothilf Heinrich von Schubert, the natural philosopher.

The Emperor of Russia had nominated Charles Bell, of St. Petersburg and London, a Knight Commander of the Order of St. Stanislaus.

### CALIFORNIA EVIDENCE.

Mokelumne Hill, Cal. June 16th, 1858. Having suffered for fifteen years with Dyspepsia, in its worst form, and having consulted with the best physicians, and tried everything recommended without relief, I was induced to try the Oxygenated Bitters, and before I had taken one bottle I found myself much better, and continued taking them until I was entirely cured, and now enjoy as good health as I ever did in my life. I take pleasure in recommending them to all who are similarly afflicted.

JAS. LANGSHORE. The "Oxygenated Bitters" are sold in California by Henry Johnson & Co., Redington & Co., and Chas. Morrill, San Francisco; R. H. McDonald & Co., and Chas. Morrill & Co., Sacramento; Rice & Coffin, Marysville; Smith & Davis, Portland, Oregon.

**Wistar's Balsam of Wild Cherry.**—The only pure and genuine Balsam is, and for the last twenty years has been, prepared by SEBASTIAN WISTAR & Co., of Boston; and their printed name, as well as the written signature of I. B. WISTAR, appear on the outer wrappers. As you would avoid the spurious and have the genuine, take no other!

**WISTAR'S BALSAM OF WILD CHERRY.**—This invaluable remedy is the best one extant for the safe, sure, speedy and permanent cure of Coughs, Colds, Sore Throat, Bronchitis, Asthma, Pleurisy, Pneumonia, Croup, Whooping Cough, Bleeding at the Lungs, pain in the breast or side, and in fact every form of Throat, Chest and Lung Complaint, as well as Consumption itself.

This household remedy should be in the hands of every family and individual, as a timely application of it to a slight cold will cause immediate relief; while cases of long standing, obstinate, and apparently incurable character, will surely yield to its wonderful curative powers and its great adaptation to the climate of California. THE LUMBER MILL IN PROCESS OF erection at Spring Vale, in the Sub Lagoon, near Richmond, Esquimalt Harbor. It will be fitted with a Mule Saw and Circular Edger, and such other machinery as may be considered advisable. The water-power for driving the machinery (which is constant) is equivalent during the driest season to twenty-horse power, and which, during the winter and spring months, may be increased to forty or fifty-horse power.

There is plenty of the finest Cedar and Pine Lumber on the Land, suitable for spars for Shipping, or other purposes; and the Proprietor will undertake to deliver Saw Logs at the Mill in such quantity and size as may be required, and at the same rate as is paid for Saw Logs by the Lumber Mills in Puget Sound.

The site of the Mill is within a short distance by water from Victoria, and well situated for easily delivering the Saved Lumber into Schoons for delivery in Esquimalt or Victoria Harbors, or into wagoons

DRUGS & MEDICINES.  
**DR. ADOLPHUS'**  
**ANTI-RHEUMATIC CORDIAL**  
—AND—  
**Health Restorative**  
IS THE MOST VALUABLE AND UN-  
surpassed remedy for Rheumatism and Gout to be  
found in the world, or known at present. The  
discoverer of the above medicine does claim its in-  
fallibility in all cases of Rheumatism and Gout—when  
used according to direction—and does offer a reward  
of five thousand dollars to any medicine that does  
supercede it, and is entirely vegetable. The Doctor is  
enabled to offer the above reward on account of his  
long and successful practice for ten years in his  
practice, and has never known it to fail in the cure of  
the most protracted cases of Rheumatism and Gout,  
and withstood all known remedies to the profession.  
Doctor Adolphus is known and rightly celebrated  
throughout the State, for his cures in Rheumatism,  
Gout and Chronic Diseases, and has only to the con-  
tinued urgent efforts of his patients, and through the  
desire to help them who are not enabled to see him  
personally, or to spend a fortune to get rid of the dis-  
ease, which they have contracted in the pursuit of  
their daily calling; only this has been able to per-  
suade the Doctor to give the above medicine to the  
public, and at such terms that every suffering one  
should be able to reap its benefits.  
As a Health Restorative its value supercedes all the  
mineral wealth and riches of California; and is  
creating a revolution in the whole treatment of dis-  
ease throughout the world.  
In secondary and tertiary Syphilis, Scrofula, En-  
largement of the Glands, Dropsy, and all Chronic  
Diseases, and the whole train of Chronic  
Diseases, which withstand and baffle the skill of  
the most excellent and learned physician in the  
world; in Chronic Diseases whose very name is a  
terror as well to the physician as to the patient, the  
medicine has proved to be superior to any in exist-  
ence, and has cured in so short a time that they ap-  
peared like being abolished by magic influence, and in  
fact a few more such discoveries, and druggists will  
not need to keep a lot of useless medicines on their  
hands, whenever they are called upon to cure a dis-  
ease they have lost through time their properties in  
which their value did reside, if there was actually any  
in them.  
Take this medicine when your digestive organs are  
disordered and your blood is impure, it will surely  
act on your bowels.  
Take this medicine when you have a cold, and it  
will make you perspire freely.  
Take this medicine when your urinary and absorb-  
ing organs are disordered, it will act on your  
organs, it penetrates every part of your body,  
removes even the most remote and secret recesses of  
your system, and removes the disease located there—  
it restores healthy action and gives tone to every  
organ in the human body—therefore it has rightly de-  
served the name it bears: HEALTH RESTORATIVE.  
The Doctor, who is adverse to all patent medicines,  
wishes it to be understood that the above medicine is  
no such thing; but that he has, through his intro-  
duction of this medicine with its treats and directions  
to the patient, made every sufferer to be his own physician  
in the above named diseases.  
Thinking it under my dignity to follow the mode  
of quacks, by appending certificates of physicians or  
private persons, which is too well known to be had  
by the mode of boring a man full to death for even  
the most worthless trash, I will therefore leave it to  
those in want of medicine to inquire personally of  
the holders of my medicine, or of the holders of the  
men who have been cured by it, and who can be had  
city and village throughout the State. I consider  
such personal conviction far superior to certificates of  
persons that are far from being known to them in  
want of medical aid.  
But should any one care for written testimonials  
or certificates regarding the cures performed by this  
medicine, they might call at my office, and I will  
show them certificates of true merit, which have been  
sent to me voluntarily, without applying for them,  
or by boring individuals to get them.  
To satisfy the most scrupulous of men, also as a  
guarantee to those that have not had the opportunity  
to inquire personally, my reputation or personally, I  
Cordial, the certificate, under oath, of one of the most  
celebrated analytical chemists in the United States,  
that there are no minerals or poisons contained in  
this medicine, although it is a very powerful medi-  
cine, and has a very strong action on the human sys-  
tem, which it necessarily must have, to overcome the  
action of disease of such malignant character.

Test them on your Constitution, and go on your way  
rejoicing.  
**CAUTION.**  
Owing to the unexplained demand for these Bitters,  
some unprincipled parties have endeavored to coun-  
terfeit them. The genuine ROSENBAUM have the  
name of N. B. JACOBS & CO. branded on each cork,  
and their signature on each label. Beware also of a  
worthless article, called Ros-con-Bitters, put up  
in this city. Its external appearance is very much  
like the true Rosenbaum, but it is useless as a remedial  
agent, and has only been got up to prey on the repu-  
tation attained by Rosenbaum's Bitters. For sale  
everywhere.

**MOSES'**  
**HAIR INVIGORATOR,**  
TO PREVENT BALDNESS, RESTORE  
Hair that has fallen off or become thin, and to  
cure effectually Scurf or Dandruff.  
Prepared only by W. D. MOSES.  
**FOR THE TOILET.**  
This Invigorator is most particularly for Ladies  
after illness, to be used with the Oil prepared by the  
proprietor. First saturate the head with the Invi-  
gorator; rub well with a hair-brush; then oil. It will  
cure the headache, and give the hair a darker  
glossy color, and the free use of it will keep both the  
skin and hair in a healthy state.  
Ladies will find the Invigorator a great addition to  
the toilet, both in consideration of its delicate and  
agreeable perfume, and the great facility it affords in  
dressing the hair, which, when moist with it, can be  
dressed in any required form so as to preserve its  
place, whether plain or in curls. When used on chil-  
dren's heads, it lays the foundation for a good head  
of hair.  
Prepared only by W. D. MOSES, Government street,  
Victoria, V. I., opposite the Post office. au7 1f

**Who would be Bald or Grey?—**  
Over ten thousand grey heads have been restored to  
their original color within the last year, by the use  
of FISH'S INFALLIBLE HAIR RESTORATIVE. Magic-  
like, it arrests the threatened baldness, returns the  
dark brilliant hue, to the grey-headed, and restores  
the hair to a fine glossy and healthy appearance;  
thus nothing in toilet compliance with the first and
